Financial Plan 2021- 2031**

Attachment 1. Draft Council Plan 2021-253

Draft
Council Plan
2021 – 2025

Purpose of this document

Our Council Plan 2021-2025 is Council's key strategic document and outlines our priorities and focus for the next four years.

This Plan aligns with Banyule's Community Vision and demonstrates how we will strive towards that vision, focus our efforts and measure our progress.

While the Plan's focus is the immediate four years, it looks beyond this to ensure Banyule is well-positioned to meet the challenges and maximise the opportunities to thrive in the long term. It consolidates on the solid foundations and momentum of previous Council plans to deliver new ambitions and enhanced outcomes for the community.

The Plan also outlines how we will protect, improve and promote public health and wellbeing within the municipality.

To develop this document we utilised deliberative community engagement. This form of engagement gives a representative group from a broad cross-section of the community an avenue to discuss and debate ideas and inform government. It provides a platform to bring the voices and experiences of everyday citizens to Council and has helped shape our long-term direction and key components of this Plan.

The Council Plan will be implemented through annual action plans, which reflect Council's decisions on the initiatives and priority services to be funded through the Budget each year. The progress of this Plan and Council's performance against set indicators will be published in our Annual Report.

Acknowledgement of the Traditional Custodians

Banyule City Council proudly acknowledges the Wurundjeri Woi-wurrung people as the Traditional Custodians of the land which Council operates on. We pay our respect to all Aboriginal and Torres Strait Islander Elders, past, present and emerging, who have resided in the area and have been an integral part of the region's history.

Diversity Statement

Banyule is a diverse community, made up of people from different cultures, beliefs, abilities, bodies, ages, sexualities, genders and identities. Council is committed to inclusion, access and equity for everyone. These principles foster cohesiveness, empower people and improve the wellbeing of the Banyule community.

Message from the Mayor

We are delighted to present our Council Plan which outlines our focus for the next four years and ensures what we do today is aligned to realising our Banyule Community Vision 2041.

We are dealing with a prolonged pandemic which continues to impact our lives. This remains front of mind as we roll-out our services to provide support for people, community groups and businesses that are being impacted.

We are also at the beginning of an exciting journey. Over the past 10 months, more than 1300 people participated and told us their aspirations and priorities for Banyule for the next 20 years. A Community Working Group then came together to co-author a Community Vision 2041 Statement which was presented to Council in June 2021:

“We in Banyule are a thriving, sustainable, inclusive and connected community. We are engaged, we belong and we value and protect our environment.”

Underpinning our Vision Statement, we have six priority themes:

- **Our Inclusive and Connected Community**
- **Our Sustainable Environment**
- **Our Well-built City**
- **Our Valued Community Assets and Facilities**
- **Our Thriving Local Economy**
- **Our Trusted and Responsive Leadership**

Our priority themes will guide Council and our community as we strive together to enhance Banyule for all who live, work, play and do business here.

Delivering opportunities and jobs for our community

Our efforts are focused on improving the health and wellbeing of our whole community, to reduce inequity and address the needs of the most disadvantaged.

With ongoing sector-leading initiatives, such as our Inclusive Employment and Social Enterprise programs, together with adapting and enhancing services to meet the changing needs of our community, from families, young people through to older adults, we continue to provide opportunities and address unemployment, mental health issues, and social isolation.

We have set a bold target to create 1000 inclusive jobs in Banyule over the next five years and we are pleased to advise we have already created 150 jobs. This is transforming lives and building futures.

Powering a local recovery

We are keenly aware that a strong local economy is vital. Local businesses are the cornerstone of the community and supporting them remains key on our agenda through a series of initiatives and grants. Investing in infrastructure not only improves facilities it creates local employment. In 2021/2022, Council will roll out a substantial \$66.75 million capital works program and \$7.54 million of initiatives that is creating more than 400 local jobs. We also look to strengthen regional partnerships to stimulate economic growth and bring greater prosperity to Banyule.

Delivering a sustainable future

Tackling climate change remains a priority for us and the community and Council continues to take significant steps to reduce its organisational carbon footprint with a target of reaching zero net emissions by 2028, without purchasing offsets. From 1 July 2021, 100% of Council's electricity needs are now purchased as renewable energy, slashing our corporate greenhouse gas emissions by 56%. Every day, we move closer to our target as we implement initiatives as part of our ongoing Climate Action Package, now totalling more than \$6 million, which includes installing solar panels and batteries, electric vehicle charging stations, and energy efficient systems in buildings.

We also want to have zero waste to landfill by 2030 and will introduce a food organics and garden organics (FOGO) waste service in July 2022.

Sound financial management

Council maintains a strong financial position which enables us to deliver today and plan for tomorrow. Council debt is being reduced to record low levels. In 2021/2022, we will pay down \$10.26 million in debt. This means that Council can meet the issues of today and is well positioned to respond to challenges that will emerge in the future.

To get the maximum value and benefits for our community, we continue to look to partner with other levels of government and business to deliver projects. Also essential is that when we plan these facilities, they are accessible for all ages and abilities and designed to provide meaningful experiences and connections. On the horizon, our new Bellfield Community Hub and Rosanna Library will be environmentally sustainable and innovative to allow for multipurpose use and encourage community connections.

Maintaining the liveability of our beautiful city

As our City grows, we need to maintain the liveability that people treasure and ensure our local character and environment is protected and enhanced. We are planting 3000 trees each year and increasing our public open space. We continue to plan well-designed and functional spaces, from our local parks and playgrounds to the vibrant urban centre at Heidelberg and new town square in Watsonia, which can cater for today and serve us tomorrow. Making sure these places are easily accessible and there is a

greater housing diversity and affordability with more environmentally sustainable design elements are key priorities for Council. We want more older people to be able to maintain independent living and more people walking and cycling and using public transport. All of this will help improve the quality of life.

Trusted leadership and governance

We have heard from the community they want strong, trusted leadership that represents them and advocates on their behalf. This is why we remain committed to engaging with the community at every opportunity to ensure our priorities align. We also know circumstances change, so we will constantly review our objectives and ensure we are meeting local needs. While there are ongoing global challenges, we are encouraged by the progress we have made locally and confident in the plans we have in place to ensure Banyule rises to the challenges and seizes the opportunities.

We thank for your valuable input in helping develop our Council Plan and we will continue this partnership and keep you informed. We look forward to delivering on the objectives that strive to make tomorrow even better than today, for all.

CEO's message

The Council Plan sets the strategic direction of the organisation and guides our decisions, plans, policies, and budgeting to ensure we are responsive to the diverse needs of Banyule's community in a resourceful and sustainable way.

It is a result of extensive consultation and collaboration between our community, Council and all of our key stakeholders, including community groups and organisations, governments and industry, local businesses, ratepayers, and residents. In developing this Council Plan, we have never had greater input from so many people as part of our Community Vision – Banyule 2041 engagement. While there were differing opinions during this process, what was abundantly clear was the passion shown by all parties to work together to achieve the best for Banyule and its people. This underpins our Council Plan framework and our commitment to the community.

Planning for the future, we know Banyule is becoming more populous and diverse every day. There are more than 131,000 people. We come from more than 140 countries, speak over 120 languages, and have different views and expectations. There is, however, a common thread that is reflected in our new Community Vision 2041 – one that speaks of positivity, unity and capability that builds on what we have and wants us to reach our greatest potential.

One of the most prominent themes resonating in the community is climate change. This organisation is committed to taking climate action and is working hard to implement change in our operations and out in the community. Our Corporate Emissions Reduction Plan puts the organisation on track to reach zero net emissions by 2028 and aligns with numerous plans to prioritise sustainability and drive change to secure a better world for future generations. We also value and embrace our differences within the organisation and in the broader community, working hard to foster inclusivity, opportunity and equity in all that we do. This is exemplified by our award-winning Inclusive Employment and Social Enterprise programs that remain the local government benchmark.

We know that we cannot rest on our laurels and be complacent. We have demonstrated through the pandemic that we are an organisation that is responsive to provide targeted and tailored support to the community, through financial and health and wellbeing programs. This agility

remains crucial to our future planning and enables us to deliver services, programs and facilities that are relevant, inclusive, and accessible to all members of community and ensure everyone has opportunities to participate. Across the board, we continue to evaluate our programs, adapt services and revisit our policies and strategies to ensure we understand community experiences and are meeting its needs. There are, of course, many needs and limited resources, so we need to make sure we focus on getting the best value for our community. By seeking collaboration with other levels of governments and pursuing business partnerships, we can deliver more for our community as demonstrated by the Olympic Park Masterplan and exciting new redevelopment planned for Rosanna Library.

We also remain committed to advocating in the best interests of the community in areas beyond our control, such as improvements and increased scope for transport including the North East Link and Hurstbridge Rail Line.

In our workplace and across Banyule, we are championing gender equality, advancing reconciliation and advocating for improved social and environmental outcomes. We continue to work closely with our Banyule advisory committees that let us know issues facing their communities and the opportunities that exist. This helps guide us to deliver inclusive services and help develop, implement, and monitor our plans and strategies.

We also want to make it easier for people to connect with Council and enjoy their experience dealing with us. As always, we keep looking at ways to enhance services for our community, adding value and increasing efficiencies. For 2021/2022, we are investing \$5.03 million to continue our digital transformation. New technology and innovative digital solutions will continue to elevate our customer experience and provide responsive and seamless interactions. This focus on continual improvement also extends to the way we engage with our community, and we will continue to look at more ways to inform and receive input from all of the diverse voices who make up Banyule. We are also committed to removing barriers and improving responsiveness and reporting. All of this will build further trust and transparency, fostering an even stronger bond and more effective partnership between the community and Council.

It is of upmost pride that I lead an organisation that sets the bar so high and continually achieves great outcomes for the community. This gives me great confidence that we will deliver the extensive array of initiatives outlined in this Council Plan, which sets us on a path for the next four years and leads us to a better and brighter 2041.

Our Wards

Council Committees

Council appoints councillor delegates to Banyule advisory committees and other external committees.

Advisory committees are made up of councillors and community members. They have terms of references and meet to discuss issues and advise Council.

In addition to advisory committees, Council participates on a range of external committees.

Both advisory and external committees provide important linkages between Council, community, state agencies and interest groups.

The following are the current Council committees. Background information and councillor representation for each committee can be found on our website.

Banyule Advisory Committees

- Arts and Culture Advisory Committee
- Banyule Environment and Climate Action Advisory Committee
- Reconciliation Action Plan Advisory Committee
- Inclusive Banyule Advisory Committee
- Supporting Committees:
 - Age-Friendly City Committee
 - Disability and Inclusion Committee
 - LGBTIQ+ Committee
 - Multicultural Committee

External Committees

- Darebin Creek Management Committee
- Metropolitan Transport Forum (MTF)
- Metropolitan Waste and Resource Recovery Group (MWRRG)
- Northern Alliance for Greenhouse Action (NAGA)
- Northern Council Alliance
- Yarra Plenty Regional Library Board
- Yarra Plenty Regional Library Audit Committee

Other Council Committees

- Audit and Risk Committee
- Chief Executive Officer Employment Matters Committee
- Child, Youth and Family Committee

Municipal Association of Victoria (MAV) Committees

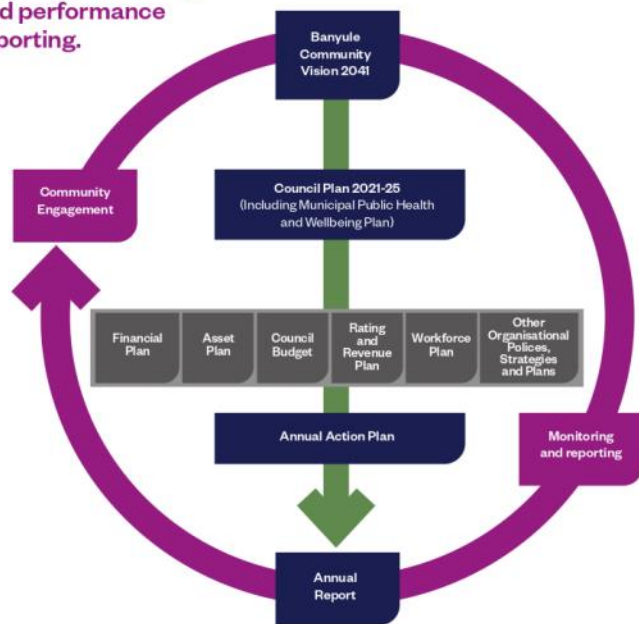

- Municipal Association of Victoria State Council

Our Integrated Strategic Planning and Reporting

The strategic planning principles contained in the Local Government Act 2020 require councils to adopt an integrated approach to planning, monitoring and performance reporting.

Banyule City Council has developed an integrated strategic approach to planning, delivering and reporting to deliver service outcomes for the community and to meet requirements of the new *Local Government Act 2020* (the Act).

Integrated planning and reporting aim to ensure we remain an adaptive, responsive and viable local government authority. This is facilitated by understanding what our community aspires to, setting direction within our resource capability and allowing Council to make informed decisions on behalf of our community.

The Council Plan in action

The Council Plan outlines Council's strategic priorities and directions in the broader context of the Community Vision and adopted policies, strategies, and plans (including the Municipal Strategic Statement and Municipal Public Health and Wellbeing Plan).

The Council Plan sets medium-term goals for at least four years. It is adopted and owned by the incoming Council and is updated each year to ensure it reflects the changing needs of the community. It is strongly aligned to and references the Community Vision and builds on this agenda to include broader objectives. Although it is primarily focused on Council's role within its jurisdictional footprint, it also incorporates other objectives to advocate and influence external stakeholders and decision makers to achieve enhanced outcomes for our community and society at large.

Banyule Community Vision 2041

Banyule Community Vision 2041 Statement:

“We in Banyule are a thriving, sustainable, inclusive, and connected community. We are engaged, we belong, and we value and protect our environment.”

The Banyule Community Vision 2041 reflects our community's values, aspirations and priorities over the next 20 years.

It comprises an overarching Vision Statement and a series of community priority themes. Together these will guide us in shaping our policies and plans, and to prioritise investment.

The Vision was developed through an extensive engagement process with people who live, work, study, visit or own a business across the municipality.

This Vision is supported by six community priority themes:

Health and Wellbeing in Our City

Municipal Public Health and Wellbeing Plan

Banyule City Council is required under the *Victorian Public Health and Wellbeing Act 2008* to prepare a Municipal Public Health and Wellbeing Plan (MPHWP) every four years or include public health and wellbeing matters into its Council Plan.

The Council Plan 2021-2025 outlines our commitment to enhancing health and wellbeing outcomes for our community. By integrating the MPHWP into the Council Plan, we acknowledge the significant role we have in improving the health and wellbeing

of people in Banyule. By making health everyone's responsibility across Council, this plan recognises that health and wellbeing is influenced by the built environment and places early intervention and prevention at the centre of efforts to deliver long-term health outcomes.

Development of our MPHWP relies on many sources of information, including legislation, health and wellbeing data, demographic information, community engagement, research and the work of our partner agencies. Policy context and data analysis used to develop the MPHWP is detailed in the Municipal Public Health and Wellbeing Evaluation Framework.

Banyule Council is committed to inclusion and understands that the entire community benefits when we embrace and value our differences as a strength. Banyule's Diversity Statement and Inclusive Banyule Framework guide Council's work, in particular, our approach to enhancing health and wellbeing for our community.

Our Health and Wellbeing Priorities for 2021-2025

				
Gender equality and prevention of violence against women	Tackling climate change and its impact on health	Social inclusion and connection	Increasing healthy eating	Increasing active living
Advocate and partner to create a more equitable Banyule	Advocate and provide opportunities to take action on climate change	Foster a more inclusive Banyule where diversity is seen as a strength, and people have an opportunity to gather and connect	Advocate and partner for better access to healthy, affordable and culturally appropriate food	Facilitate opportunities for people to have more active lifestyles, in particular by improving our infrastructure

Council plays an important role in protecting population health and will continue to act on reducing harm from gambling, alcohol and other drugs, tobacco use and to increase sun-smart behaviours.

Implementing our Health and Wellbeing Plan

Health and wellbeing strategies and actions in the Council Plan aim to improve the health and wellbeing of our whole community, to reduce inequities between specific population groups and address the needs of those experiencing vulnerability in our community.

Local government is ideally placed to influence many determinants of health, both through the environments that people live, work, learn and play (known as the social determinants of health - see Figure 1), as well as

supporting individual choices and reducing health inequalities.¹ With increasing health impacts from climate change and recovery from the COVID-19 pandemic at the forefront of our community's mind, the role of local government in addressing the social determinants of health is even more vital.

Our approach considers the environmental, economic, political, social, cultural and behavioural factors that contribute to health and wellbeing. These factors are integrated into the decisions Council makes. We ensure that action is taken on the areas that make a difference in the long and short term to people's health and wellbeing, with a focus on prevention of chronic diseases and early intervention.

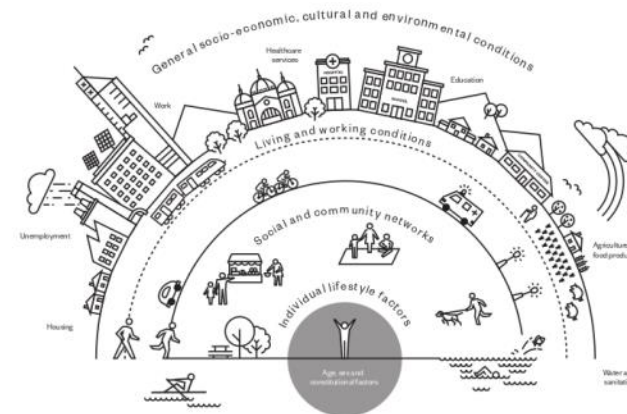

We also focus on the health and wellbeing needs of our community at different ages and life stages and promoting access, equity, participation and rights of specific population groups. Health and wellbeing

strategies and actions within the Annual Action Plan in this document are identified with a 

Council will continue to work in partnership with community organisations, service providers, neighbouring councils and other levels of government to achieve improvements in the health and wellbeing of the Banyule community. Our partners who play a role in delivering local health and wellbeing initiatives include:

- Banyule Community Health Service
- Women's Health in the North
- North East Healthy Communities
- Libraries, neighbourhood houses and leisure centres.

Banyule Climate Action Response

Banyule Council recognises that we are in a state of climate emergency, which requires urgent action by all levels of government, including local councils.

We are proud to join a climate emergency movement and will continue to act to ensure a safe and sustainable world for future generations. This means not only reducing the impact and emissions arising from Council activities and services, but also using our leadership to enable, educate, incentivise and advocate for accelerated action across the community.

Further to this recognition, the new *Local Government Act 2020* establishes a legal requirement for councils to take climate action. Specifically, the Act specifies that councils must:

- Promote the economic, social and environmental features of the municipality, including mitigation and planning for climate change risks;
- Prioritise best outcomes for the community, including future generations; and
- Consider regional, state and national plans and policies in strategic planning.

We have two key targets to guide Council's climate action response:

1. Carbon neutrality by 2028 for our operations; and
2. A carbon neutral municipality by 2040.

A key component of these goals is recognition of the need to embed climate change considerations – both adaptation and mitigation – across Council and within all roles.

Work is well underway to achieve this integration and meet our requirements under the *Local Government Act 2020*. Our recently drafted Sustainable Building Guidelines and a Sustainable Procurement Framework are just two examples where climate action will become the new 'business-as-usual' and ensure all capital delivery and procurement decisions are in alignment with our carbon neutrality targets. Importantly, this has been reflected across the Council Plan strategies and annual actions presented here, recognising the multifaceted approach needed to combat climate change.

Council is committed to act in more than 40 ways across the following themes:

1. Whole of community engagement
2. Electrification and energy efficiency
3. Renewable energy
4. Green buildings
5. Zero emissions transport
6. Circular economy
7. Adaptation and resilience
8. Monitor and report

How this plan was developed

In November 2020, we started our journey to create a new Community Vision 2041 that would inform our Council Plan and long term Financial Plan.

Stage 1 – Understanding community aspirations and focus for the future

The first stage of engagement asked the community to imagine Banyule in 20 years' time, in the year 2041. It identified key aspects of what the community value in Banyule, what they aspire for the future, and focus areas for Council to achieve this future, including ideas to ensure it can be delivered with regards to financial sustainability. Throughout the engagement period, we sought to inform as many people as possible about the project, encourage participation, and provide resources to assist with enabling informed participation.

Between 30 November 2020 and 31 January 2021, over 4100 people who live, work and study in Banyule were engaged through social media, emails, newsletters, webpages, and outdoor advertising. A total of 1329 gave their feedback through our online engagement portal 'Shaping Banyule', community workshops, phone surveys and various submissions.

Stage 2 – Community Working Group (CWG)

For the second stage of engagement, we called upon everyday community members to join the Banyule 2041 CWG, a representative sample of the Banyule community. Recruitment of the CWG occurred in March 2021, and four CWG sessions ran from late April to early May 2021.

The CWG came together to learn about and discuss ideas and issues in detail. They worked together to prepare the 2041 Community Vision Statement and advise Council on how to achieve the vision. At its core, developing a shared vision through community deliberation is about empowering communities to reach a collective agreement on a preferred goal.

The CWG developed a co-authored Community Vision Statement, identified themes to focus on for the next 20 years and made recommendations to help us to deliver the Council Plan and Financial Plan.

Stage 3 – Public exhibition and adoption

From mid-August to mid-September 2021, the Council Plan and the Financial Plan will be publicly exhibited to seek further feedback from the wider community.

These documents are the culmination of the engagement over the two stages. Following the public exhibition period, the documents will be considered for adoption by Council at a Council Meeting on 25 October 2021.

How we engaged

Social media posts reaching over 25000 people

Direct emails (approximately 20000)

The Banyule Banner delivered to over 55000 households and businesses

Council website

Shaping Banyule Project page

Posters and real estate boards throughout the municipality

Online workshops

Telephone survey

Hard copy survey

Face to face community workshops and focus groups

Written submissions

Resident priority survey

The results

Over 4100 people were engaged

1329 people actively participated in engagement activities

10 workshops with 420 participants

High proportion of 26-64 ages participated

4 written submissions

829 contributions online

Higher female participation of 59%, 38% male and 3% preferred not to say

Engaged with higher proportion of people who identify as LGBTQ+

77% participants live in Banyule, 17% work in Banyule, 3% study

Priority Theme 1

Our Inclusive and Connected Community

Strategic Objective
 A safe, healthy, vibrant and connected community where people of all ages and life stages love to live, work and stay; diversity and inclusion are valued and encouraged.

24 Banyule Council Plan 2021-2025

Strategies to strengthen our Inclusive and Connected Community

1. Promote active and connected living through a range of accessible and inclusive opportunities for all people of all ages through sport and recreation.
2. Provide a range of services and programs, and work with relevant partners to enhance health and wellbeing outcomes and social cohesion.
3. Provide and promote arts and cultural experiences to enhance community connectedness, engagement and a sense of wellbeing.
4. Actively support and facilitate infrastructure, service and programs that address community safety.
5. Enhance our relationship and work in respectful partnership with the Traditional Custodians of Banyule, the Wurundjeri people, identified Elders and other Aboriginal and Torres Strait Islanders.
6. Promote community awareness and support a diverse, connected, and inclusive community that respects and celebrates different cultures, beliefs, abilities, bodies, ages, sexualities, genders and identities.
7. Provide a range of services and programs that support the development of children, young people and families.
8. Strengthen community preparedness and resilience for emergency events.
9. Provide for and facilitate specific programs and respond to current and emerging preventable disease, outbreaks and public health risks.
10. Deliver a range of accessible services and programs for older people that support social connections and independent living.
11. Deliver a range of services and programs to become the leading Council in supporting and empowering people with disabilities.
12. Enable and empower philanthropic and business partners to support our community through the establishment of the Banyule Community Fund.

Strategic Indicators

Banyule City Council Indicators

Indicators	Desired trend/target
Council support for the diversity and inclusion of the Banyule community	Increase
Attendance at Council run and supported arts and cultural events	Increase
Number of people participating in active ageing programs and events	Increase
Immunisation coverage rate	Increase
Community satisfaction index score for the performance of recreational facilities	74 or above
Community satisfaction with index score for arts centres and libraries	74 or above
Number and diversity of young people attending youth programs and services	Increase

Banyule Community Indicators

Indicators	Desired trend/target
Rate of family domestic violence	Decrease
Proportion of adult residents who consume enough fruit and vegetables to meet daily dietary requirements	Increase
Proportion of adults who get adequate physical exercise	Increase
Number of older people able to maintain independent living	Increase
Proportion of people who report feeling safe in the municipality	80% or above
Proportion of who feel connection or belonging in Banyule	64 or above
Gambling harm in Banyule community	Decrease

Supporting plans, strategies and policies

- Banyule Social Enterprise Strategy and Action Plan
- Banyule Inclusive Local Jobs Strategy and Action Plan
- Banyule Economic Support Package
- Banyule Bicycle Strategy
- Safer Banyule Plan

Priority Theme 2

Our Sustainable Environment

Strategic Objective
 A progressive and innovative leader in protecting, enhancing and increasing the health and diversity of our natural environment, where we all commit to playing an active role in achieving environmental sustainability, waste and carbon emissions reduction.

28 Banyule Council Plan 2021-2025

Strategies to strengthen our Sustainable Environment

1. Protect and enhance our natural environment, providing connected habitat for diverse flora and fauna.
2. Minimise stormwater pollution and the impacts of flooding, and maximise Council's water conservation to transition to a water sensitive City.
3. Demonstrate leadership in addressing climate change and take action to become a carbon neutral Council by 2028 and City by 2040.
4. Empower and educate the community and businesses to take actions to achieve positive environmental and climate change outcomes.
5. Avoid waste generation and encourage and support the community to achieve zero waste to landfill by 2030.
6. Engage and work with the community and partners to protect, enhance and experience the environment.
7. Protect, increase and maintain Banyule's urban forest population to provide a greener City for enhanced liveability.
8. Explore and support opportunities for urban farming and community gardens.

Priority Theme 2
Our Sustainable Environment

Strategic Indicators

Banyule City Council Indicators

Indicators	Desired trend/target
Number of trees planted annually in the public realm	3000 trees
The number of new tree species introduced in municipality	Increase
Council's greenhouse gas (GHG) emissions	Zero by 2028
Solar capacity (kW) across Council owned assets	Increase
Kerbside waste collection diverted from landfill	55%
Potable water used from Council owned and managed assets	330ML decreasing to 300ML by 2024
Community satisfaction with performance of waste management services	70 or above
Organic waste collected per household (kg)	Minimum 200 kg
Conversion of Council's fleet to electric fleet	By 2028

Our Well-Built City

Strategic Objective
 A well planned, sustainable and liveable place that caters for all our current and emerging communities, where our local character and environment is protected and enhanced.

32 Banyule Council Plan 2021-2025

Strategies to strengthen our Well-Built City

1. Deliver well designed places and spaces that enable stronger connections and liveability to meet the diverse needs of our current and future community.
2. Develop and maintain best practice integrated strategic plans that impact positively on the quality and design of our places and built environment.
3. Prioritise a series of localised plans for twenty-minute neighbourhoods across Banyule that are well connected and meet community needs closer to home.
4. Plan for greater diversity of housing and commercial activity in the most accessible locations to balance sustainable growth and enable ageing in place.
5. Provide and facilitate for achieving environmentally sustainable designs and outcomes and deliver urban centres that are resilient to the impacts of climate change.
6. Preserve and enhance Banyule's valued heritage, local character, and its significant trees.
7. Provide and maintain public parks and open spaces for a range of uses for all ages and abilities.
8. Lead on the use of sustainable modes of transport, and encourage walking, cycling and use of public transport.

Priority Theme 3

Our Well-Built City

Our Valued Community Assets and Facilities

Strategic Objective

As custodians of our community, assets, facilities and services, we work to ensure that they are affordable, sustainable, evenly distributed, safe and accessible for all ages and abilities and designed to provide meaningful experiences and connections.

Strategies to strengthen our Valued Community Assets and Facilities

1. Strategically plan, build and renew community assets and facilities that meet current and future service needs and instil a sense of civic pride.
2. Develop community assets and facilities that are environmentally sustainable, innovative, safe and continue to be of appropriate standard.
3. Design and build facilities that are multipurpose and encourage community connections.
4. Promote, design and deliver assets that provide spaces for the community to connect.
5. Manage Council's commercial assets, leases and contracts to deliver sustainable, accessible and inclusive outcomes for the community.
6. Actively seek partnerships and collaborate with other organisations to build and utilise community infrastructure.

Priority Theme 4

Our Valued Community Assets and Facilities

Our Thriving Local Economy

Strategic Objective
 A thriving, resilient, socially responsible local and integrated economy that encourages, supports and advocates for a diverse range of businesses and entrepreneurship, providing local investment and employment opportunities.

40 Banyule Council Plan 2021-2025

Strategies to strengthen our Thriving Local Economy

1. Stimulate and support a vibrant and resilient local economy to encourage business, employment and investment opportunities.
2. Encourage, assist and connect businesses with the tools, information and opportunities to succeed and be sustainable.
3. Support innovation, business start-ups and the development of micro, disability, Aboriginal and creative enterprises across Banyule.
4. Build strong regional partnerships to leverage growth corridors and stimulate ongoing economic prosperity.
5. Partner with local employers, agencies and other organisations to create inclusive jobs.
6. Provide and facilitate job readiness programs and pathways to employment.
7. Encourage and support volunteerism within Banyule as an important contributor to the local economy and involvement in community life.
8. Create distinctive, appealing and thriving shopping centres and industrial precincts that have a local identity and contribute to a strong sense of place.
9. Create inclusive employment opportunities within Banyule Council workforce for people facing barriers to employment.
10. Lead as a social enterprise capital of Victoria by encouraging innovative social enterprises to set-up their operations and offices within the City of Banyule.

Priority Theme 5

Our Thriving Local Economy

Our Trusted and Responsive Leadership

Strategic Objective
 A responsive, innovative and engaged Council that has the trust of our community through demonstrated best practice governance, is financially sustainable, and advocates on community priorities and aspirations.

44 Banyule Council Plan 2021-2025

Strategies to strengthen our Trusted and Responsive Leadership

1. Provide good governance, be accountable and make informed decisions based on sound evidence.
2. Provide outstanding customer service and a great customer experience for all.
3. Provide responsible management of resources to ensure the financial sustainability of Banyule Council.
4. Provide an integrated approach to planning and community reporting aligned to the Banyule Community Vision 2041.
5. Build an empowered, engaged and diverse workforce with a values-based culture.
6. Proactively manage Council's risks and provide a safe workplace.
7. Invest in new technology and innovative digital solutions to deliver seamless and responsive services.
8. Engage meaningfully with our diverse community, encourage participation, and be proactive and responsive to current and emerging needs.
9. Improve the reach, transparency, impact and responsiveness of our communications.
10. Advocate for community priorities and aspirations to improve service, infrastructure, land use, environmental and social outcomes.
11. Continually improve, innovate and review our services to ensure they are effective, efficient and represent value for money.
12. Provide responsible management of procurement activity in a way that enhances social, economic and environmental outcomes.

Priority Theme 6

Our Trusted and Responsive Leadership

Review and updating of this plan

The Council Plan is reviewed on an annual basis to ensure that it continues to meet the needs of the community. We will engage with our community on an ongoing basis and will make any necessary updates to this plan.

A further lens relating to the health and wellbeing outcomes of our community is undertaken to ensure compliance under the Victorian Public Health and Wellbeing Act 2008 and to track our progress towards improving health and wellbeing outcomes.

Reporting on progress and performance

Measuring and reporting on the progress of the Council Plan is a key focus of Council.

The Council will monitor the progress against the indicators listed in this plan and report back to the community annually through the Annual Report. In addition, quarterly reporting on annual actions will be made available to the community through Council's website and other communication channels. This quarterly reporting enables Council to monitor key actions and projects to ensure they are delivered on time and within budget.
