Health and wellbeing partnership brokering

From 5 March to 4 April 2025, Council facilitated nine partnership discussions with key health and wellbeing organisations. As part of these discussions, organisations were invited to provide feedback on the Banyule Plan, with a specific focus on the health and wellbeing priorities. In addition, Council requested consideration of in principle agreement to work in partnership to lead or deliver actions related to one or more of the five health and wellbeing priorities.

As a result of these discussions, we secured in principle agreement with People and Parks Foundation, Yarra Plenty Regional Library Service, Holstep Health, Neighbourhood Houses, Belgravia Leisure, the YMCA, Women's Health in the North, Diamond Valley Community Support, NEPHU, and NEHPU region local governments including Yarra Ranges, Boorondara, Nillumbik, Hume, Darebin, Whittlesea, and Knox.

Councillor Feedback Forum – 15 April 2025

The Councillor Feedback Forum on 15 April is an opportunity for community members to talk to their feedback in an open forum with councillors, prior to Council formally considering all feedback at the 26 May 2025 Council Meeting.

While Council is no longer required to conduct a formal submissions process under the former provisions of the *Local Government Act 1989* (S.223), the Forum continued the process of allowing people the opportunity to speak to their written feedback with councillors.

This opt-in process allows community members to go deeper into their feedback and provides councillors with a valuable opportunity to ask questions to understand community sentiment. It also continues Council's approach to good governance by building trust, rapport, transparency and understanding between Council and community members.
